7. AOB

- (a) Library, Berwick Library has asked if we wish to put on a display which would involve a Presentation and visual displays which ideally could include a timeline of the club and selected memories of the club. The suggestion is that a list is sent out on the websites so we can start collating everything we need, with a view to the display coinciding with the start of the new season in August. It was felt that once the display was finished in the library that we could display in Sponsors Lounge and maybe elsewhere. Any ideas on this please speak to Michael Smyth.
- (b) It was felt that the Trust is happy to raise money for the football club, but it must be specific and beneficial to the fans and the club. There are so many things that need done that a communication with John Bell to confirm list of priorities and to discuss the Trust position on this.
